

Problem Sets After Test 2

*Only turn in problems that are **not** bracketed.* Bracketed problems are additional problems you can look at. Round brackets indicate problems that may help you with problems that are assigned; square brackets are additional problems on material that you should know, but you are not required to write up solutions; curly brackets are truly optional and may contain extra nuggets that you will not be required to know but may be interested in.

Additional assignments will be filled in over time.

notation	meaning
unbracketed	assigned problem – turn these in for grading
()	helper/warm-up problem
[]	additional problems (you are responsible for content, but don't turn them in)
{}	covers optional material

Due	Task	Source	Problems
Wed 5/6	PS 17	Rosen 13.4	23, 25 pumping lemma
Mon 5/10	PS 18	Rosen 13.5	2 trace TM 5 trace TM [1] trace TM [3–4] trace TM 6 design TM 10 design TM [7–12] design TM For problems 6 and 10, describe your Turing machine using the syntax of one of our two Turing machine simulators. (You can use a text editor or copy and paste from the online simulator into a file.)
